EMERGENCY POWER VAULT

UL924

EMERGENCY POWER VAULT INVERTERS

20W to 1150W
Solutions

120V & 277V
Field Selectable

FlexDim &
Multi-Circuit

- ✓ Upgrade any light fixture to an EM Light
- ✓ Reduce the costly practice of individual EM drivers
- ✓ UL924 Listed - Up to 90 minutes of emergency lighting (at full load)
- ✓ Centralize monthly testing and convenient maintenance
- ✓ Utilize specified or already installed luminaires as your emergency lighting
- ✓ Replace unsightly “bug-eye” wall combos

Send Pierborne your drawings to properly specify the correct power needed.
